

What is Croco Doc?

“Croco Doc” is an educational animated series that helps children **understand the world of health** in a clear, fun, and reassuring way. Through entertaining episodes, the main character — a kind and competent crocodile doctor — explains medical concepts using simple language and colorful images, making topics such as fever, allergies, vaccines, hygiene, and other pediatric subjects more accessible.

In addition to the TV series, Croco Doc is a true educational tool, offering interactive content and teaching materials on the official website www.crocodoc.tv, designed for use by families, teachers, and healthcare professionals.

Who is Croco Doc for?

- **Children:** Helps reduce anxiety and fear related to illness, doctor visits, and hospitals.
- **Parents:** A useful resource to explain medical topics in a playful way.
- **Teachers and educators:** Tools to explore health topics in the classroom or educational activities.
- **Healthcare professionals:** A helpful ally to communicate with young patients and make their hospital experience more pleasant.

How to Use Croco Doc

Croco Doc is not just a TV series — it's a whole universe of activities and resources that can be integrated into various educational and healthcare settings. On the official website, you'll find:

1 CROCOPEdia – THE HEALTH DICTIONARY FOR KIDS

- Simple, illustrated descriptions of medical concepts, illnesses, and procedures, designed to help children better understand what's happening in their bodies.
- Tips for parents and medical staff on how to explain each topic to young children.
- **How to use it:** Perfect for introducing a topic before watching an episode or before a doctor's visit.

2 ACTIVITIES – GAMES AND INTERACTIVE QUIZZES

- Quizzes and mini-games to reinforce understanding of the episodes and medical concepts.
- Printable activity sheets with games and coloring pages.
- **Virtual Reality:** Scan the QR code to see Croco Doc characters appear right next to you... and take an unforgettable photo with them!
- **How to use them:** After watching an episode, kids can have fun while reinforcing what they've learned. Ideal for schools and hospitals.

3 CREATIVE CRAFTS

- Hands-on activities inspired by the themes of the series, helping children express their emotions about health in creative ways.
- Make paper dolls and scenes to bring children closer to the world of medicine through play.
- **How to use them:** Perfect for group settings, in classrooms or pediatric units, to turn learning into a fun and engaging experience.

4 POSTERS AND EDUCATIONAL MATERIALS

- Downloadable infographics and posters with hygiene rules, health tips, and illustrated explanations.
- Resources for hospitals and schools that help make environments more welcoming and educational.
- **How to use them:** Print and hang them in classrooms, at home, or in hospitals to reinforce the series' key messages..

Croco Doc as an Educational Tool

FOR FAMILIES:

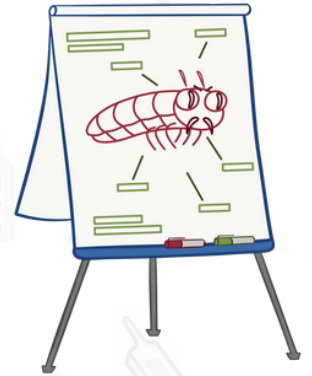

- Watch an episode and use the Crocopedia to explore the topic further.
- Try the interactive activities to make the topic more engaging.
- Download the posters and create a health corner at home.

FOR TEACHERS:

- Include episodes in your health education lessons.
- Use quizzes and activities to reinforce learning.
- Organize creative workshops using the Craft Materials.

FOR HOSPITALS AND HEALTHCARE PROFESSIONALS:

- Show episodes in pediatric waiting rooms.
- Use the activity sheets to explain medical procedures to young patients.
- Offer interactive games to entertain children during their stay.
- Make use of exclusive materials created for you:
 - Extra videos and games for screens in waiting rooms
 - Graphic resources you can use to create your own educational or communication materials
 - Printable stickers and graphics to decorate hospital spaces and make them more welcoming for children.

Welcome to Zoolandia!

Croco Doc is **much more than an animated series** — it's a trusted companion to help children understand the world of health. Through videos, games, activities, and educational materials, it helps turn a potentially stressful experience into a calm and fun learning opportunity.

- **Watch the episodes** on TV or streaming platforms (depending on your country — check the website).
- **Discover all the resources** at www.crocodoc.tv and start using Croco Doc in a fun and interactive way today!
